### MITIGATION MONITORING AND REPORTING PROGRAM FOR THE

### DRAFT MANAGEMENT PLAN FOR THE CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION'S (CDF) HISTORIC BUILDINGS AND ARCHAEOLOGICAL SITES PROJECT

**State Clearinghouse Number 99021015** 

August 2001

Prepared for.

State of California
California Department of Forestry and Fire Protection

Prepared by:

Daniel G. Foster, Senior State Archaeologist California Department of Forestry and Fire Protection

and

María C. Sosa, Senior Environmental Planner
Department of General Services/Real Estate Services Division
Professional Services Branch/Environmental Services Section

							Buildings	of 57 Known	Removal, or Replacement	Demolition,	Significant Impact 1:		Impact
3. Relocation  CDF will evaluate the possibility of saving the building by relocating it to another physical site. If this	CDF will evaluate the building to see if transfer of ownership or management is feasible. If this option is not feasible, CDF will look into option 3.	<ol><li>Transfer of Ownership or Management</li></ol>	CDF will evaluate whether it is feasible to save the historic building by adapting it to another use at the existing facility. If this option is not feasible, CDF will look into option 2.	1. Adaptive Re-Use	the following options, ranked in priority order:	management alternatives other than demolition based on	decision to demolish. CDF will consider the feasibility of	buildings on a case-by-case	internal procedure to evaluate each of the 57 CDF historic	Officer will follow the CDF	Mitigation Measure 1:		Minganon Measure
